Comment on the degree to which the project can be regarded as interdisciplinary:

Preferred Fellowship Period: _____ semester, 2011-2012
(**Fall**: July 1 to December 31, and **Spring**: January 1 to June 30)

Signature

Date

Project Proposal

Please describe your project in a two-page proposal and be sure to include the following items in your narrative: the significance of the project, the methodology to be used and (if relevant) the nature of the data already collected, and the connection of the topic to associated theory and bibliography. If it is appropriate, the Oakley Center Committee would be interested to learn of any interdisciplinary component in your research. In any case, it is essential to make your project description clear to an academic committee composed largely of individuals outside your field of specialty. Please include a description of the current state of the study and your plans for the proposed period of tenure at the Center.

Please submit a current curriculum vitae AND an "unofficial transcript" with this application.

The Committee would like to have the names of two of your teachers who are familiar with your work and who would be prepared to speak in support of your proposed project.

1. Name: _____ Department: _____

2. Name: _____ Department: _____

Please send this application, together with your Project Proposal, curriculum vitae, and transcript to:

The Director
Oakley Center for the Humanities and Social Sciences
