

Interested in learning how to apply your academic studies to real-world problems and help create solutions that have an impact? Apply to participate in our Sophomore Experience program by **February 28, 2021**.

Sophomore Experience 2021

Our unique program offers select college sophomores (undergraduate class of 2023) the opportunity to discover the economic consulting industry: what it does, how it works, why it is exciting, and what skills are helpful to those who choose it as a career path.

During an intensive three-day curriculum, you will gain firsthand experience. You will complete a mini-project, based on types of cases that our firm has worked on, and develop an understanding of how you can apply your academic studies to real-world problems. Along the way, you will get to know the people at our firm and learn about career opportunities at Cornerstone Research.

How do I know this program is for me?

We created this program for qualified undergraduates from a wide range of colleges and universities. If you relate to one or more of the following, we encourage you to apply:

- Analytical and intellectually curious
- Ready to learn new skills
- Drawn to economics and finance
- Interested in a consulting career

When is the program?

The virtual program will take place **Monday, June 14, 2021 through Wednesday, June 16, 2021**.

Ready to apply? Here's how.

Visit our [careers page](#) for full details. Please submit your resume, college transcript, and completed application questions by **February 28, 2021**.
